SUMMARY

I am a highly skilled **Full Stack Mobile App developer** with expertise in Flutter and Node.js. With 2 years of hands-on experience in Flutter development, I have successfully delivered exceptional mobile applications. Additionally, I possess 10 months of extensive experience in developing Restful APIs using Node.js. My proficiency in these technologies allows me to create robust and efficient solutions for clients

EXPERTISE

- Proficient in **Flutter** and **Dart** for building fully optimized and lightweight mobile applications.
 - Experienced in **Node.js** for server-side development, **API creation**, and **integration**.
 - Specialize in API integration, implementing **BLoC** and **Provider** patterns to enhance app functionality and maintainability.
 - Proficient in deploying applications on **AWS**, managing **EC2** instances, and configuring **Linux** environments (including Kali Linux).
 - Experienced in optimizing app performance and reducing app size for improved user experience.
 - Currently expanding proficiency in **React.js** and **Next.js** for building dynamic web applications.
-

WORK EXPERIENCE

Akodes It Solutions

June 2023 - Present

- Implemented cost-effective solutions, resulting in a 20% reduction in project expenses.
- Streamlined project workflows, enhancing overall efficiency by 25%.
- Led a team in successfully delivering a complex engineering project on time and within allocated budget.

Key Devs

Jan 2022 - Feb 2023

- Managed project timelines, reducing delivery times by 30%.
 - Spearheaded the adoption of cutting-edge engineering software, improving project accuracy by 15%.
 - Collaborated with cross-functional teams, enhancing project success rates by 10%.
-

PROJECTS

- Passporttastic: Developed a Digital Passport Creation app and traveling app, facilitating seamless travel experiences.
 - Standman: Created an onsite job hiring platform for short-term part-time jobs (1 to 5 hours) using location-based matching.
 - Delivery App: Contributed to the development of a delivery management app with multiple modules, focusing on efficient handling and tracking of packages and parcels.
 - Portfolio: [Zain's Portfolio \(React.js\)](#). (Check out all my projects there for more details.)
-

EDUCATION

Bachelor of Science in Computer Science

Oct 2019 - Nov 2023

MNSUET

- I have successfully completed my Bachelor's degree in Computer Science from MNSUET, achieving a remarkable CGPA of 3.56
-

CERTIFICATES

- Certified in ML Algorithms Bootcamp by Udemy
- Flutter Development Bootcamp by Udemy
